

Explorers in the Great Outdoors

Year 2 - Term 2

Homework Activities Here are some exciting activities to complete at home together this term. When your child has completed a task, please bring the completed activity into class so that it can be celebrated, shared and displayed. Please try to complete at least 3 of the 6 tasks below before the end of term, on Friday 17th December. We really look forward to celebrating the work you have done at home. Thank you for your on-going support and commitment to your child's learning.

Art

Design and create your own rainforest tribal mask. How bright can you go?!

P.E./ Speaking

Take a family woodland walk! Try and plan your walk so it is at least 30 minutes long.

Take some photographs of your adventure.

English/ Art

Can you use these words to create a picture?

Arctic, snow, icebergs, Northern Lights, polar bear.

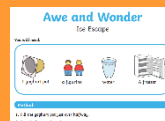

English / Writing

Go for a woodland walk! When you're on your walk, think about what you see and hear. When you get home, draw a picture of your walk and write 5 sentences to describe it. Take some pictures to help you think when you're back at home.

Science

Please complete one of the exciting experiments and send in your findings (see attached documents). Please take photographs if possible to show your journey of discovery!

Design and Technology

Make a model to show different layers of the rainforest.
