

Classes One and Two: Home Learning Ideas for Terms 5 and 6

Story focus: The Enormous Turnip

<https://www.twinkl.co.uk/resource/t-t-7965-the-enormous-turnip-story-powerpoint>

Literacy- reading/writing/phonics

*Use Phonics play <https://new.phonicsplay.co.uk/> to practice a reading game – *practice with the sounds you aren't sure of in your phoneme pack.*

*Choose a comic to read

* Make your own comic using the words from your phonics play game

*Write your own Enormous Turnip story – change the characters or the vegetable/fruit that is being grown.

Mathematics

*Draw all of the character from the story, or your own story in order – write the numbers above them to show their order in the story e.g. 1st, 2nd, 3rd etc.

*Weigh the fruits and vegetables in your house; draw them in order of heaviest to lightest.

*Make some simple add and take away sums for your family- show them how to do them using practical objects

*Put your family in height order of tallest to shortest – order them using large number cards – make them yourself practising your number writing.

*Make yourself your very own number line using different coloured papers and pens all the way to 20.

Communication and Language

*Can you retell the story of The Enormous Turnip, changing the characters to the people that live in your house?

*Talk to an adult daily about how you're feeling, ask them how they are feeling; make this a daily part of the day.

*Eat at least one meal a day together and talk about what you will do during the day at breakfast, how the morning has been working at lunchtime, or how the day has been and how the next day could be different at tea/dinnertime.

Physical Development

*Use Go Noodle to practice some of our favourite dances.

*Use YouTube at 9am each morning and complete the workout with Joe Wicks.

*Learn a new skill in your garden – kicking a ball, playing catch, throwing a frisbee.

*Make play dough with your family and make your own flowers.

<https://www.bbcgoodfood.com/howto/guide/playdough-recipe>

Understanding the World

*Help your family cook a meal – bake some cakes, learn how to cook something new.

*Find out where different fruits and vegetables come from using the internet or books – ask your family to help you.

*Find out how plants grow- maybe plant some of your own in your garden – keep a diary of them growing over the next few weeks.

Expressive Arts and Design

*Draw your garden and decorate it using colouring/mark making/collage/painting.
