

## Bright Ideas! Reception Home Learning Term 3 2022

This term Classes 1 and 2 will be learning through investigation and practical activities. Please choose at least 3 of the following home learning projects to complete before the end of term. As soon as any task is completed send it in to school-all work will be treasured and displayed on a special home learning board in the classroom. Please let us know if you need anything to help complete a task. Remember- it's okay for an adult to help your child write or write for them if needed. The children can use the internet to help them as long as an adult knows they are doing so.

Find out about a country you would like to visit using books and/or the Internet. Make a travel poster with some drawings and written information about the country.

Play a ball game with an adult, such as throwing and catching, skittles or a target game. Keep a score chart - can you do this in different ways?

Ask a grown-up to help you make a special place/den where you can go. You could use blankets, a box, a tent..... Decorate it so that you feel safe and happy to spend time in it.

Draw 5 animals and write their names (what they are) under them. Write a list of words that rhyme with each animal. How many can you think of?

Use books or the Internet to look at the flags of different countries. Design and make a flag of your own that is all about you and the things you like.

Draw a map of your journey from home to school. What do you see on the way? Which way does the road or path turn?
