

# Year 2 Home Learning – Journey Around the Globe (Seaside and Australia)

Summer Terms 5 and 6 2020

## English Activities:

Share some poetry, stories and non-fiction texts. Discuss the text, characters, plot and information. Make a list of new / interesting vocabulary.

Write a book review about your favourite book. Would you recommend it to a friend? Give the book a star rating!

Write a letter to one of your school friends. Tell them all about your time at home.

Write the words of a song/rhyme/rap you could sing on your travels.

Write a list of 'Pick Me Up's' for a member of your family.

Read your favourite book together, write a play script and act it out with the people in your house.

## Science Activities:

Create a daily healthy eating plan for your journey around the World; include all the food groups. Remember, just a little treat!

Create a fitness routine to keep you fit and healthy on your journey around the globe.

Draw and label Australian animals. Two must be reptiles, two mammals and two birds.

Identify features that affect the growth of plants around the world.

## Maths Activities:

Practise reading, writing, counting and ordering numbers to 100, including counting in 2s/5s/3s and 10s.

Practise addition and subtraction to 100 using pictorial methods.

Practise multiplication and division using pictorial methods.

Make a price list of travelling essentials. Which coins / notes could you use to pay? How much change would you have?

Design a symmetrical pattern for a circus tent. You could use 2D shapes in your design.

Create 5 word problems based around an Australian theme.

## Art / Craft/ Music activities:

Explore colour and pattern - 'markings' on different Australian animals.

Find out what a didgeridoo is. Design a pattern for your own didgeridoo.

Make an Australian animal mask using a paper plate.

Design a poster advertising a circus performance at the seaside.

Compose your own rhythm to play on a home-made drum.

## 'Family' Activities:

'Go Noodle' – online fitness and 'wellbeing' activities

Colouring, tracing and cutting activities.

Cookery and gardening activities.

Singing, dancing and listening to music.

Ride a bike / scooter around your garden.

Set up a tent in your living room and camp out.

Play board games / outdoor games.

Read a book / listen to a story / act out a story.

Look at some old photos. Cuddle up and talk about where you were and what you were doing.

## Geography Activities:

Identify natural and man-made features of the seaside e.g. cliff, rock, harbour.

Investigate contrasting environments around the world e.g. cities, savannahs, deserts, jungles and coastal regions.

Investigate different animals that live around the world.

Use Google maps to find local Seaside resorts.

Use Google maps to find Australia.

Locate seven continents and five oceans around the world.
